Dear colleagues and friends,

We are delighted to inform you of the upcoming 28TH International Symposium on Infections in the Critically Ill Patient, which will be held in the vibrant city of Barcelona. This event promises to be an extraordinary blend of cutting-edge lectures, esteemed speakers, and invaluable insights into the latest critical care medicine advancements, particularly on sepsis and infections.

This conference aims to redefine the conventional approach to medical gatherings by seamlessly intertwining top-tier scientific discussions with Barcelona's unmatched beauty and charm. Here's a glimpse of 6 points of what you can expect:

Exceptional Lectures: Immerse yourself in a series of captivating lectures delivered by world-renowned experts in the field of critical care medicine. Gain profound insights into the most pressing issues and emerging trends in managing infections and sepsis.

Esteemed Speakers: Rub shoulders with leading figures and pioneers in critical care medicine, who will share their expertise, experiences, and innovative strategies for combating infectious diseases and improving patient outcomes.

Cutting-edge Information: Stay ahead of the curve with the latest updates and breakthroughs in critical care medicine. Our sessions will provide invaluable knowledge and practical tools to enhance your clinical practice and optimize patient care.

Unique Setting: Experience the unparalleled beauty of Barcelona, known for its stunning architecture, rich culture, and vibrant atmosphere. Take advantage of leisure activities and networking opportunities amidst the backdrop of this remarkable city.

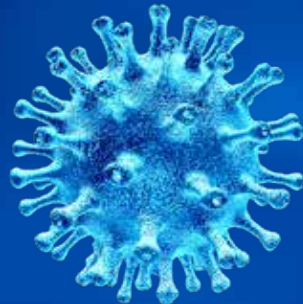

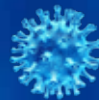

Robust Scientific Program: Our meticulously curated scientific program ensures a comprehensive exploration of crucial infections and critical care medicine topics. From interactive panel discussions to face-to-face discussion with the invited faculty, there's something for every attendee to benefit from.

Networking Opportunities: Forge meaningful connections with fellow healthcare professionals, researchers, and industry leaders from around the globe. Share ideas, collaborate on projects, and build lasting relationships beyond the confines of the conference.

This event is not just another medical conference; it's a unique blend of professional development, cultural immersion, and unforgettable experiences. Join us in Barcelona for an enriching journey that promises to inspire, educate, and empower.

Kindly book your attendance at your earliest convenience to secure your spot at this prestigious gathering. We look forward to welcoming you to Barcelona for what is sure to be an exceptional event.

The ISICIP team

ORGANIZING COMMITTEE

Antonio Artigas - Barcelona (Spain)
Ricard Ferrer - Barcelona (Spain)
Ignacio Martín-Loeches - Dublin (Ireland)
Michael Niederman - New York (USA)
Antoni Torres - Barcelona (Spain)

SCIENTIFIC COMMITTEE

Massimo Antonelli - Milan (Italy)
Thierry Calandra - Laussane (Switzerland)
Jean Carlet - Paris (France)
Laia Fernández Barat - Barcelona (Spain)
José Garnacho - Sevilla (Spain)
Laura Lechuga - Barcelona (Spain)
Anna Motos - Barcelona (Spain)
Pedro Povoá - Lisboa (Portugal)
Paula Ramírez - Valencia (Spain)
Djillali Annane - Garches Hauts-de-Seine (France)
Jean-Louis Teboul - Paris (France)

7th November // Thursday

08:30–09:00h

OPENING
Organizing Committee

09:00–10:30h

MULTIMODAL PRESSORS APPROACH SESSION

Moderators

Antonio Artigas. Intensive Care Medicine Department. Corporació Sanitaria Universitaria Parc Tauli, Institut d'Investigació i Innovació Parc Tauli, CIBER. Enfermedades Respiratorias. Autonomous University of Barcelona, Spain.

Nicole Juffermans. Prof. MD PhD. Full Professor, All – Inflammatory diseases Research Associate, Intensive Care Medicine. Amsterdam UMC, Holland.

9:00h

New Vasopressors. How can we use them?

Marc Leone. Anesthesiology and Critical Care Medicine Department, Nor Hospital, Marseille, France.

9:15h

Sequential inotropes use

Oifa Hamzaoui. Service de Médecine Intensive–Réanimation, Hôpital Robert Debré, Université de Reims, France.

9:30h

How can we include beta-blockers in this?

Jean-Louis Teboul. Therapeutics and Critical Care Medicine, Université Paris–South. Medical ICU of the Bicêtre University Hospital Paris, France. France.

9:45h

The right strategy is restoring endothelial sensitivity to adrenergic agents.

Djillali Annane. Réanimation de L'hôpital Raymond–Poincaré de Garches Hauts–de–Seine, France.

10:00h

Discussion 

7th November // Thursday

10:30–11:00h

Pro/Con. Blood purification in Septic Shock**Moderator**

Ricard Ferrer. Intensive Care Department, Vall d'Hebron University Hospital of Barcelona, Spain.

YES: Massimo Girardis. Anesthesiology and Intensive Care Department of the Modena University Hospital, Italy.

NO: Marlies Ostermann. King's College London. Guy's & St. Thomas' Hospital Department of Intensive Care. London, UK.

11:00–11:30h

Coffee break and exhibitor visit 

11:30–12:30h

SEPSIS FROM ANOTHER SIDE?**GRIFOLS****Moderators:**

Marc Leone. Anesthesiology and Critical Care Medicine Department, Nord Hospital, Marseille, France.

Olfa Hamzaoui. Service de Médecine Intensive-Reanimation, Hopital Rober Debré, Université de Reims, France.

11:30h

Sepsis tools for dummies

Andrew Conway Morris. Intensive Care Medicine, Department of Pathology, University of Cambridge, UK.

11:45h

Mycobiome interactions

Evangelos Giamarellos-Bourboulis. Professor of Internal Medicine, 4th Department of Internal Medicine, National and Kapodistrian University of Athens, Medical School, Greece. Chairman European Sepsis Alliance, Greece.

12:00h

Is it me or do I need a booster in my immune system?

Nicole Juffermans. Prof. MD PhD. Full Professor, All - Inflammatory diseases Research Associate, Intensive Care Medicine. Amsterdam UMC, Holland.

12:15h

Discussion 

7th November // Thursday

12:30–13:30h

Symposium

13:30–14:00h

Lunch 

14:00–15:00h

SEPSIS IN JOURNALS**Moderators:****José Garnacho.** Intensive Care Clinical Service, Virgen Macarena University Hospital in Sevilla, Spain.**Jean-Louis Teboul.** Therapeutics and Critical Care Medicine, University Paris-South. Medical ICU of the Bicêtre University Hospital Paris, France.

14:00h

Discoveries with high citation but no implementation**Nicole Juffermans.** Prof. MD PhD. Full Professor, All - Inflammatory diseases Research Associate, Intensive Care Medicine. Amsterdam UMC, Holland.

14:15h

Are metanalysis the solution to sepsis management**Julia Wendon.** Consultant, Intensive Care Medicine Kings College Hospital, London, UK.

14:30h

Bench to bedside. My favourite stories**Andrew Conway Morris.** Intensive Care Medicine, Department of Pathology, University of Cambridge, UK.

14:45h

Discussion 

15:00–15:30h

PRO / PRO/CON. ECMO: A REASONABLE APPROACH IN ONCO-HEMATOLOGICAL PATIENTS?**Moderator:****Paula Ramirez.** Department of Critical Care Hospital Universitary i Politènic La Fe Valencia, Spain.**YES: Jordi Riera.** Intensive Care Department, Vall d'Hebron University Hospital of Barcelona, Spain.**NO: Marco Maggiorini.** Medical Intensive Care Unit at the University Hospital Zürich.

7th November // Thursday

15:30–16:30h

Symposium: ENDOTOXIC (SEPTIC) SHOCK: ADVANCED BLOOD PURIFICATION THERAPIES

Chairpersons:

Marlies Ostermann. King's College London. Guy's & St.Thomas' Hospital Department of Intensive Care. London, UK.

Ricard Ferrer. Intensive Care Department, Vall d'Hebron University Hospital of Barcelona, Spain.)

15.30h

Endotoxin and Endotoxic Shock: why we should care

Marco Maggiorini. Medical Intensive Care Unit at the University Hospital Zürich.

15.50h

Polymyxin B HemoAdsorption as organ support: when considering it

Ricard Ferrer. Intensive Care Department, Vall d'Hebron University Hospital of Barcelona, Spain.

16.10h

Discussion

16.30h

Conclusions

With the collaboration of  

16:30–16:45h

QUICK PRESENTATION: AI MADE REALITY: THE CASE OF BIALERT SEPSIS

Elisa Martín. Health Analytics Manager at IIC, Spain.

With the collaboration of

16:45–17:00h

Coffee break and exhibitor visit

7th November // Thursday

17:00–18:30 h

ORGAN FAILURE IN SEPSIS

Baxter**Moderators**

Massimo Girardi. Anesthesiology and Intensive Care Department of the Modena University Hospital, Italy
Pedro Povoá. Unidade de Cuidados Intensivos Polivalente, Hospital de Sao Francisco Xavier. CHLO Lisboa, Portugal.

17:00h

Monitoring kidney function during sepsis

Marlies Ostermann. King's College London. Guy's & St. Thomas' Hospital Department of Intensive Care. London, UK.

17:15h

Is anything for the liver?

Julia Wendon. Consultant, Intensive Care Medicine Kings College Hospital, London, UK.

17:30h

An expert or Close loop ventilators in the worst phase of ARDS?

Marco Maggiorini. Medical Intensive Care Unit at the University Hospital Zürich.

17:45h

Modulation of the inflammatory response in extracorporeal circulation

Xosé Pérez-Fernández. Intensive Care Department. Bellvitge University Hospital of Barcelona, Spain.

18:00h

Discussion 

7th November // Thursday

18:30–20:00h

SEPSIS IN DIFFICULT INFECTIONS

**Moderators:**

Thierry Calandra. Service of Immunology and Allergy, and Center for Human Immunology Lausanne. Lausanne University Hospital, University of Lausanne, Switzerland.

Paula Ramirez. Department of Critical Care Hospital Universitario i Politècnic La Fe Valencia, Spain.

18:30h

What are the strengths (and weakness) of the new antimicrobials

José Garnacho. Intensive Care Clinical Service, Virgen Macarena University Hospital in Sevilla, Spain.

18:45h

Identification of DTR microorganisms at bedside

Laura Lechuga. Nanobiosensors and Bioanalytical Application Group the Catalan Institute Nanoscience and Nanotechnology (ICN2), Barcelona, Spain.

19:00h

Viral reactivation during the course of sepsis

Pedro Povoá. Unidade de Cuidados Intensivos Polivalente, Hospital de Sao Francisco Xavier. CHLO Lisboa, Portugal.

19:15h

Sepsis in immunocompromised host: not as bad as anticipated

Thierry Calandra. Service of Immunology and Allergy, and Center for Human Immunology Lausanne. Lausanne University Hospital, University of Lausanne, Switzerland.

19:30h

Discussion 

**8th November // Friday****08:30–08:45h****OPENING ISICIP 2024****08:45–11:20h****SEVERE CAP****Moderators**

Antoni Torres. Respiratory and Intensive Care Unit. University of Barcelona. Hospital Clinic of Barcelona, Spain.

Michael Niederman. Division of Pulmonary and Critical Care Medicine – New York Presbyterian/Weill Cornell Medical Center, New York, USA.

8:50h

Recommendations and algorithms for CAP in Immunosuppressed patients

Julio Ramirez. General Infectious Diseases Norton Hospitals, Louisville, Kentucky, USA

9:10h

Severe influenza pneumonia: corticosteroids as well?

Djalali Annane. Réanimation de L'hôpital Raymond-Poincaré de Garches. Hauts-de-Seine, France.

9:30h

Corticosteroids in Severe CAP: No more discussions

Antoni Torres. Respiratory and Intensive Care Unit. University of Barcelona. Hospital Clinic of Barcelona, Spain.

9:50h

Macrolides in Severe CAP: Why , and which one?

Evangelos Giamarellos-Bourboulis. Professor of Internal Medicine. 4th Department of Internal Medicine, National and Kapodistrian University of Athens. Medical School, Greece. Chariman European Sepsis Alliance, Greece

10:20h

New Antibiotic Algorithms in SCAP

Michael Niederman. Division of Pulmonary and Critical Care Medicine – New York Presbyterian/Weill Cornell Medical Center, New York, USA.

10:50h

Discussion **11:20–11:40h****Coffee break and exhibitor visit** 

8th November // Friday

11:40 –13:30h

**DIAGNOSIS TREATMENT AND PREVENTION
OF HAP/VAP****Moderators**

Pedro Povoa. Unidade de Cuidados Intensivos Polivalente, Hospital de Sao Francisco Xavier. CHLO Lisboa.

Jean Carlet. Internal Medicine, infectious diseases and intensive care in Paris, France.

11:40h

Rapid Molecular techniques in VAP

Laila Fernandez Barat. CIBERES-IDIBAPS. University of Barcelona, Spain.

12:00h

Importance of gastric and lung microbiome in VAP

Anna Motos. Applied research in respiratory infections and critical patients at Hospital Clinic in Barcelona, Spain.

12:20h

Duration of Treatment

Paula Ramirez. Unidade de Cuidados Intensivos Polivalente, Hospital de Sao. Francisco Xavier. CHLO Lisboa, Portugal.

12:40h

Escaping Plato's cave: how phenotyping the alveolar space reveals new insights in pneumonia and ARDS

Andrew Conway Morris. Intensive Care Medicine, Department of Pathology, University of Cambridge, UK.

13:00h

Discussion 

13:30–14:20h

**Symposium: HOW CAN WE OPTIMIZE THE MANAGEMENT
OF CRITICALLY ILL PATIENTS WITH MDR GRAM NEGATIVE
INFECTIONS?****Introduction**

Ricard Ferrer. Intensive Care Department, Vall d'Hebron University Hospital of Barcelona, Spain.

Golden rules for early appropriate antibiotic treatment to impact in patient outcomes

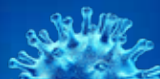

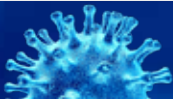

Matteo Bassetti. Infectious Diseases Clinic of the San Martino-IST University Hospital in Genoa, Italy.

The PERSEUS study: emerging evidence for cefiderocol in the treatment of patients with MDR Gram-negative infections

Paula Ramirez. Department of Critical Care Hospital Universitari i Politècnic La Fe Valencia, Spain.

Q&A and panel discussion.

With the collaboration of  **SHIONOGI**

8th November // Friday

14:20–14:50h

14:50–15:20h

15:20–16:05h

16:05–17:25h

16:05h

16:25h

16:45h

17:05h

17:25h

17:50h

Lunch **DEBATE – PRONE POSITION IN SCAP/ARDS INCLUDING COVID 19
(AWAKE AND NON AWAKE)****Moderator**

Ignacio Martín-Loeches. Intensive Care Medicine at Trinity College Dublin, Ireland.

Yes: Massimo Antonelli. Dept. of Anesthesiology Intensive Care and Emergency Medicine. School of Specialist in Anesthesiology and Intensive Care Medicine Fondazione Policlinico Universitario A. Gemelli IRCCS. Università Cattolica del Sacro Cuore, Rome, Italy

NO: Miguel Ferrer. Pulmonology Service, Institut Clinic de Respiratori, Clinic Hospital of Barcelona, Spain.

BEST POSTERS SESSIONS**Moderators**

Thierry Calandra. Service of Immunology and Allergy, and Center of Human Immunology Lausanne. Lausanne University Hospital, University of Lausanne. Switzerland

Paula Ramirez. Department of Critical Care Hospital Universitario i Politècnic La Fe Valencia, Spain.

TREATMENT FAILURE AND PREVENTION IN HAP/VAP**Moderators**

Anna Motos. Applied research in respiratory infections and critical patients at Hospital Clinic in Barcelona, Spain.

Laila Fernandez Barat. CIBERES–IDIBAPS. University of Barcelona, Spain.

New definitions of Treatment Failure and re-infection

Charles Edouard Luyt. Service de Réanimation Médicale. Hôpital La Pitié Salpêtrière, Paris, France.

Inhaled antibiotics to prevent VAP

Stephen Ehrmann. Professor critical care medicine Professor critical care medicine CHRU de Tours and Université de Tour, France.

Avirulent Mycoplasma pneumoniae chasis to Prevent VAP

Luis Serrano. Institute of Research in Biomedical of Barcelona, Spain

Impact of hypercapnea in pulmonary infections

Marta Campubí. Intensive Care Medicine Department. Corporació Sanitaria Universitaria Parc Taulí, Institut d'Investigació i Innovació Parc Taulí of Barcelona, Spain.
