

20 21

I JORNADA DOCTORANDS I RESIDENTS

PROGRAM

18th June

09:00h 09:15h	Opening by the organizers and members of the SCI
09:15h 09:40h	<p><u>Autoimmunity.</u> (Chair: Rebeca Gutiérrez and Guillermo Muñoz)</p> <p>Teresa Franco Autoantibody screening in Guillain-Barré Syndrome Hospital de la Santa Creu i Sant Pau</p> <p>Sergi Betriu Use of T cells genetically modified with chimeric receptors of HLA antibodies (HLA) to specifically eliminate anti-HLA antibodies producing B cells Hospital Clínic de Barcelona</p> <p>Sergio Navarro ANCA-MPO antibodies of IgA isotype in ANCA-associated vasculitis: prevalence and clinical associations Hospital de Bellvitge</p> <p>Yiyi Luo The impact of intrauterine exposure to anti-TNF-α on the newborn's immune system Hospital Sant Joan de Déu - Hospital Clínic de Barcelona</p>
09:40h 10:15h	<p><u>Autoimmunity:</u> Discussion (Chair: Rebeca Gutiérrez and Guillermo Muñoz)</p>
10:15h 10:30h	<p>Santiago Costas. Presentation of yEFIS</p>
10:30h 11:00h	<p>Miriam Rivera (@miriamriig). "Biología en Cómic": How to do scientific communication through drawing</p>
11:00h 11:15h	Coffee break

PHD PROGRAM IN ADVANCED
IMMUNOLOGY, UAB

REGISTRATIONS TO
NAIVEIMMUNOLOGISTS@GMAIL.COM

IMMUNOLOGISTS

20 21

I JORNADA DOCTORANDS I RESIDENTS

PROGRAM

18th June

11:00h
11:15h

Coffee break

11:15h
11:40h

New technologies applied to immunology.

(Chair: Mario Framil and Alba Pastor)

Mireia Bernuz IBB, UAB
Rapid test for interferon gamma released from isolated lymphocytes in nucleic acid lateral flow

Marta Clos IGTP
Role of N-glycosylations in mesenchymal stromal cell-derived extracellular vesicles' uptake and functionality

Luisa Chocarro Biomed Navarra
Biomarkers of response to PD-1/PD-L1 inhibition therapies

Marina Garcia-Prat Vall d'Hebron Institut de Recerca (VHIR)
Genetic evaluation with massive sequencing tools in a large cohort of patients with common variable immunodeficiency under immunoglobulin replacement therapy

11:40h
12:15h

New technologies applied to immunology: Discussion

(Chair: Mario Framil and Alba Pastor)

12:15h
13:15h

Mariola Penadés and Ana Peiró.

"FUNtastic Science"

13:15h
14:30h

Lunch break

PHD PROGRAM IN ADVANCED
IMMUNOLOGY, UAB

REGISTRATIONS TO
NAIVEIMMUNOLOGISTS@GMAIL.COM

IMMUNOLOGISTS

SOCIETAT CATALANA D'IMMUNOLOGIA
L'Acadèmia

20 21

I JORNADA DOCTORANDS I RESIDENTS

PROGRAM

18th June

13:15h 14:30h	Lunch break
14:30h 14:55h	<p><u>Research in cancer and immunotherapy.</u> (Chair: Iria Arrese and Federico Fondelli)</p> <p>Andrea Aran IBB, UAB Comparative analysis and characterization of TCR repertoires in breast cancer TIL</p> <p>Alejandro Llorente UB Inhibition of the immunosuppressive effects of activated fibroblasts in non-small cell lung carcinoma using antifibrotic drugs</p> <p>Tony Paul IGTP Anti CD5L antibody modifies the TME inhibiting tumor growth in an alveolar carcinoma mouse model</p> <p>Joan Climent IGTP Long-term follow up of non small cell lung cancer patients treated with PD-1/PD-L1 axis blocking mAbs</p>
14:55h 15:30h	<p><u>Research in cancer and immunotherapy: Discussion</u> (Chair: Iria Arrese and Federico Fondelli)</p>
15:30h 16:30h	<p>Alfredo Corell. A journey through scientific dissemination: how to bring immunology to the public</p>
16:30h 16:45h	Ending
